

PERMANENT POSITION

Research and teaching assistant in Experimental Cold atom physics

A permanent research and teaching assistant position is currently offered at the Physics Department of University of Liège, Belgium. The position is available to a candidate with strong research background in experimental atomic and laser physics¹. The knowledge of French is required for the teaching duties (approximately 150 hours per year). The candidate shall work in close collaboration with the cold atomic Physics group of University of Liège (Profs T. Bastin, J. Martin, and P. Schlagheck - https://www.cesam.uliege.be/cms/c_5012589/en/ipnas). Applications are due by May, 1st 2021 (deadline extension possible) and starting date is October, 1st 2021. Any further inquiries can be made to
